

As the Christmas season approaches, we are reminded of the gifts we have received and look to find ways to give ourselves. This year, Green Lake Lutheran Ministries would like to encourage you to share the **powerful and long-lasting gift of camp** with your loved ones, friends and congregations. Gifting an experience rather than “stuff” is a growing trend that has great merit, and there are not many experiences that have a life-long impact like a week at Bible Camp. God’s love and grace are explored in new ways, congregations share fellowship away from home, and kids get to run and play away from their screens—allowing them to experience God’s creation, and inspiring new connections to faith that will be remembered for years to come.

So, here are a few options for you to consider:

- **Register or offer to sponsor a child’s week at camp.** Registration opens December 3rd – just in time to get that gift checked off the list!
- Contact your church office or youth ministry staff, and ask if there is a **scholarship fund to send children to camp** or a family in need of sponsorship. Any contribution can make camp more accessible for families!

God works in so many ways through Bible Camp. As we celebrate the birth of Jesus this season, consider how life-giving a week at camp could be in the lives of those you serve. We give continued thanks for your partnership as we work together to plant seeds of faith that will grow through a lifetime!

For more information, visit www.gllm.org/2019-details or look for our brochure at your congregation! Registration questions? Contact Karen at (320)796-2181 or kpeterston@gllm.org. **Have a joyous holiday season!**
