# Marble Church at Shores of St. Andrew Bible Camp

Marble Church is a recent addition to Shores of St. Andrew Bible Camp. The Church's original home was in rural Canby where it's congregational membership was declining. The church board sadly decided it was time to dissolve the congregation and close the church doors, but they hated to see the building stand empty and deteriorate. A former counselor from camp heard of the news and suggested that they donate the church to the camp. With joy filled hearts the church was donated to GLLM and moved nearly 100 miles to its new home. Once set upon its new foundation, the structure seems as though it has sat there for years. It is now used for worship daily by campers in the summer and hosting weddings and baptisms for years to come. The Church is available for weddings April through October.
