DAY 4: CALLED TO SHINE

SHINE GOD'S LOVE LIGHTS

Materials:

- Black construction paper
- Sidewalk chalk
- Cotton ball (can use a q-tip or a kleenex too if needed)
- White crayon
- Cardboard & scissors

Instructions:

- Cut out a bulb-shaped stencil from cardboard (or paper could work too)
- Trace around this bulb with chalk onto your black construction paper. You can make as many different bulb lights as you want, in different colors.
- Once you have your bulbs traced onto the paper, smudge the edges of the lights outwards with the cotton ball, creating a "shining" effect to the lights.
- With the white crayon, make bases to your bulb lights and connect your bases so they appear as a strand of lights.
- At the end, write "Shine God's Love" in the white crayon - a great reminder for us to shine God's love to all those we meet!
