WATER'S EDGE MINISTRIES CONFIRMATION CAMP

An adventure at Camp House for your whole confirmation class

Experience Camp House as you connect with your confirmation youth in a different way. Daily "class" time can be used for team building, faith conversations, and relational ministry away from the distractions of home.

The site provides recreational opportunities that can be enjoyed during "class" time - hiking, biking, canoeing, and even agate hunting. Outside of designated congregation time, you can engage in the program or enjoy some personal time for work or rest. A trip to Gooseberry Falls adds a bit of the north shore experience to the week.

Conversations with colleagues and opportunities for self-care will send you home with renewed energy for your ministry.

Confirmation Camp takes place at Camp House in Brimson, MN and requires at least **one adult leader** from the congregation to join campers for the week.
